California Teaching Performance Expectations (TPEs)

TPE 1	Engaging and Supporting All Students in Learning
-------	--------------------------------------------------

1. Apply knowledge of students, including their prior experiences, interests, and social-emotional learning needs, as well as their funds of knowledge and cultural, language, and socioeconomic backgrounds, to engage them in learning.
2. Maintain ongoing communication with students and families, including the use of technology to communicate with and support students and families, and to communicate achievement expectations and student progress.
3. Connect subject matter to real-life contexts and provide active learning experiences to engage student interest, support student motivation, and allow students to extend their learning.
4. Use a variety of developmentally and ability-appropriate instructional strategies, resources, and assistive technology, including principles of Universal Design of Learning (UDL) and Multi-Tiered System of Supports (MTSS) to support access to the curriculum for a wide range of learners within the general education classroom and environment.
5. Promote students' critical and creative thinking and analysis through activities that provide opportunities for inquiry, problem solving, responding to and framing meaningful questions, and

reflection.

6. Provide a supportive learning environment for students' first and/or second language acquisition by using research-based instructional approaches, including focused English Language Development, Specially Designed Academic Instruction in English (SDAIE), scaffolding across content areas, and structured English immersion, and demonstrate an understanding of the difference among students whose only instructional need is to acquire Standard English proficiency, students who may have an identified disability affecting their ability to acquire Standard English proficiency, and students who may have both a need to acquire Standard English proficiency and an identified disability.
7. Provide students with opportunities to access the curriculum by incorporating the visual and performing arts, as appropriate to the content and context of learning.
8. Monitor student learning and adjust instruction while teaching so that students continue to be actively engaged in learning.

TPE 2

Creating and Maintaining Effective Environments for Student Learning

1. Promote students' social-emotional growth, development, and individual responsibility using positive interventions and supports, restorative justice, and conflict resolution practices to foster a caring community where each student is treated fairly and respectfully by adults and peers.
2. Create learning environments (i.e., traditional, blended, and online) that promote productive student learning, encourage positive interactions among students, reflect diversity and multiple perspectives, and are culturally responsive.
3. Establish, maintain, and monitor inclusive learning environments that are physically, mentally, intellectually, and emotionally healthy and safe to enable all students to learn, and recognize and appropriately address instances of intolerance and harassment among students, such as bullying, racism, and sexism.
4. Know how to access resources to support students, including those who have experienced trauma, homelessness, foster care, incarceration, and/or are medically fragile.
5. Maintain high expectations for learning with appropriate support for the full range of students in the classroom.
6. Establish and maintain clear expectations for positive classroom behavior and for student-to-student and student-to-teacher interactions by communicating classroom routines, procedures, and norms to students and families.

TPE 3	Understanding and Organizing Subject Matter for Student Learning
-------	------------------------------------------------------------------

- | |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. Demonstrate knowledge of subject matter, including the adopted California State Standards and curriculum frameworks. |
| 2. Use knowledge about students and learning goals to organize the curriculum to facilitate student understanding of subject matter, and make accommodations and/or modifications as needed to promote student access to the curriculum. |
| 3. Plan, design, implement, and monitor instruction consistent with current subject-specific pedagogy in the content area(s) of instruction, and design and implement disciplinary and cross-disciplinary learning sequences, including integrating the visual and performing arts as applicable to the discipline. |
| 4. Individually and through consultation and collaboration with other educators and members of the larger school community, plan for effective subject matter instruction and use multiple means of representing, expressing, and engaging students to demonstrate their knowledge. |
| 5. Adapt subject matter curriculum, organization, and planning to support the acquisition and use of academic language within learning activities to promote the subject matter knowledge of all students, including the full range of English learners, Standard English learners, students with disabilities, and students with other learning needs in the least restrictive environment. |
| 6. Use and adapt resources, standards-aligned instructional materials, and a range of technology, including assistive technology, to facilitate students' equitable access to the curriculum. |
| 7. Model and develop digital literacy by using technology to engage students and support their learning, and promote digital citizenship, including respecting copyright law, understanding fair use guidelines and the use of Creative Commons license, and maintaining Internet security. |
| 8. Demonstrate knowledge of effective teaching strategies aligned with the internationally recognized educational technology standards. |

TPE 4	Planning Instruction and Designing Learning Experiences for All Students
-------	--------------------------------------------------------------------------

- | |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. Locate and apply information about students' current academic status, content and standards related learning needs and goals, assessment data, language proficiency status, and cultural background for both short-term and long-term instructional planning purposes. |
| 2. Understand and apply knowledge of the range and characteristics of typical and atypical child |

development from birth through adolescence to help inform instructional planning and learning experiences for all students.
3. Design and implement instruction and assessment that reflects the interconnectedness of academic content areas and related student skills development in literacy, mathematics, science, and other disciplines across the curriculum, as applicable to the subject area of instruction.
4. Plan, design, implement and monitor instruction, making effective use of instructional time to maximize learning opportunities and provide access to the curriculum for all students by removing barriers and providing access through instructional strategies that include” <ul style="list-style-type: none"> ● appropriate use of instructional technology, including assistive technology; ● applying principles of UDL and MTSS; ● use of developmentally, linguistically, and culturally appropriate learning activities, instructional materials, and resources for all students, including the full range of English learners; ● appropriate modifications for students with disabilities in the general education classroom; ● opportunities for students to support each other in learning; and ● use of community resources and services as applicable.
5. Promote student success by providing opportunities for students to understand and advocate for strategies that meet their individual learning needs and assist students with specific learning needs to successfully participate in transition plans (e.g., IEP, EFSP, ITP, and 504 plans).
6. Access resources for planning and instruction, including the expertise of community and school colleagues through in-person or virtual collaboration, co-teaching and/or networking.
7. Plan instruction that promotes a range of communication strategies and activity modes between teacher and student and among students that encourage student participation in learning.
8. Use digital tools and learning technologies across learning environments as appropriate to create new content and provide personalized and integrated technology-rich lessons to engage students in learning, promote digital literacy, and other students multiple means to demonstrate their learning.

TPE 5	Assessing Student Learning
-------	----------------------------

1. Apply knowledge of the purposes, characteristics, and appropriate uses of different types of assessments (e.g. diagnostic, informal, formal, progress-monitoring, formative, summative, and performance) to design and administer classroom assessments, including use of scoring rubrics.

2. Collect and analyze assessment data from multiple measures and sources to plan and modify instruction and document students' learning over time.
3. Involve all students in self-assessment and reflection on their learning goals and progress and provide students with opportunities to revise or reframe their work based on assessment feedback.
4. Use technology as appropriate to support assessment administration, conduct data analysis, and communicate learning outcomes to students and families.
5. Use assessment information in a timely manner to assist students and families in understanding student progress in meeting learning goals.
6. Work with specialists to interpret assessment results from formative and summative assessments to distinguish between students whose first language is English, English learners, Standard English learners, and students with language or other disabilities.
7. Interpret English learners' assessment data to identify their level of academic proficiency in English as well as in their primary language, as applicable, and use this information in planning instruction.
8. Use assessment data, including information from students' IEP, IFSP, ITP, and 504 plans, to establish learning goals and to plan, differentiate, make accommodations and/or modify instruction.

TPE 6	Developing as a Professional Educator
-------	---------------------------------------

1. Reflect on their own teaching practice and level of subject matter and pedagogical knowledge to plan and implement instruction that can improve student learning.
2. Recognize their own values and implicit and explicit biases, the ways in which these values and implicit and explicit biases may positively and negatively affect teaching and learning, and work to mitigate any negative impact on the teaching and learning of students. They exhibit positive dispositions of caring, support, acceptance, and fairness toward all students and families, as well as toward their colleagues.
3. Establish professional learning goals and make progress to improve their practice by routinely engaging in communication and inquiry with colleagues.
4. Demonstrate how and when to involve other adults and to communicate effectively with peers and colleagues, families, and members of the larger school community to support teacher and student

learning.

5. Demonstrate professional responsibility for all aspects of student learning and classroom management, including responsibility for the learning outcomes of all students, along with appropriate concerns and policies regarding the privacy, health, and safety of students and families. Beginning teachers conduct themselves with integrity and model ethical conduct for themselves and others.
6. Understand and enact professional roles and responsibilities as mandated reporters and comply with all laws concerning professional responsibilities, professional conduct, and moral fitness, including the responsible use of social media and other digital platforms and tools.
7. Critically analyze how the context, structure, and history of public education in California affects and influences state, district, and school governance as well as state and local education finance.

CLINICAL PRACTICE COURSE OBJECTIVES

The Clinical Practice course will facilitate the introduction of the Teacher Candidate into their professional roles and responsibilities. By the end of the Clinical Practice experience Teacher Candidate will:

	<i>Candidate Learning Outcome (CLO)</i>	<i>TPE Addressed</i>
A	Demonstrate the ability to provide instruction that is aligned with state-adopted academic content standards.	1.4, 3.1, 3.3
B	Plan multiple strategies for managing and delivering instruction in relation to (1) state-adopted academic content standards and curriculum frameworks, (2) students' needs, interests and accomplishments, and (3) the observed results of the strategies.	1.1, 3.2, 3.3, 3.4, 3.5, 3.6, 4.2, 4.3, 4.4
C	Use progress monitoring at key points during instruction to determine whether students are progressing adequately toward achieving the state adopted academic content standards for students. They will pace instruction and re-teach content-based on evidence gathered.	1.8
D	Use a variety of formative, informal and formal assessments, as well as entry, monitoring and summative assessments to determine prior knowledge and students' progress to plan instruction.	4.3, 5.1, 5.2, 5.6, 5.7, 5.8
E	Incorporate specific strategies, teaching/instructional activities, materials, procedures and experiences that are developmentally appropriate and address state-adopted academic content standards to motivate students and encourage student effort.	1.3, 1.7, 4.3, 4.7
F	Communicate instructional objectives to students and ensure active and equitable participation of all students.	1.3, 1.5, 2.6, 4.7, 5.3
G	Understand and apply theories, principles and instructional practices for English language development leading to comprehensive literacy in English.	1.6, 4.4, 5.6, 5.7
H	To establish comprehensive long-term and short-term goals for student learning in relation to subject matter, and sequence instruction to connect preceding and subsequent content in accordance with state-adopted academic standards for students.	4.1, 5.3

I	Learn the benefits of collaborative, collegial planning by teachers and other adults in K-12 schools, including working closely with one or more colleagues to design and deliver effective, coordinated instruction.	4.6, 5.6, 6.3, 6.4
J	Collaborate with individuals having disabilities and their parents/primary caregivers, general and special educators, co-teachers, related service personnel, trans-disciplinary teams to design, to ensure appropriate and integrated services and supports based on individual student needs.	4.5, 4.6, 5.6, 6.4
K	Understand and implement the law and regulations regarding promoting behavior that is positive and self-regulatory and apply the theories and school-wide practices for students who present complex social communication, behavioral, and social, emotional needs.	2.1
L	Demonstrate the knowledge, skills, and abilities to implement evidence-based and multifaceted methodologies and strategies necessary in teaching and engaging students with disabilities.	4.2, 4.4, 5.8
M	Demonstrate the skills and abilities necessary to assess and monitor the progress of all students with varying language, communication, and cognitive abilities in a comprehensive manner using multiple sources of information for the purpose of making accommodations, modifications, and instructional decisions.	4.4, 4.5, 5.2, 5.8
N	Demonstrate professionalism and a commitment to growth as a professional educator.	6.1, 6.2, 6.5, 6.6, 6.7
O	Understand and use technology to promote student learning and provide access to the core curriculum.	3.6, 3.7, 3.8, 4.4, 4.6, 4.8, 5.4
P	Demonstrate an understanding of cultural diversity and community dynamics both through instruction and communication with families.	1.1, 1.2, 2.2, 2.3, 2.4, 2.5, 4.4, 6.2, 6.4
Q	<i>Education Specialists only:</i> Gain an understanding of transitional life experiences for students with disabilities across learning environments, and life-spans.	4.5
R	<i>Multiple and Single Subject Candidates only:</i> Understand and demonstrate single subject pedagogical skills.	3.1, 3.2, 3.3, 3.4, 3.5, 3.6

Clinical Practice Semester Requirements

Teacher Candidates are required to participate in two (2) 9-week phases of CP. There is no specific or required timeline for each Teacher Candidate's transition from observer to teacher. As appropriate, the Teacher Candidate will move from observation to instruction. The pacing is influenced by the group of students, the school's schedule, and the Cooperating Teacher's judgment as to the readiness of the Teacher Candidate.

Within the first phase, Teacher Candidates should have sufficient time to observe and discuss instructional techniques, instructional plans, classroom organization, discipline techniques, and materials before assuming full responsibility of the classroom. This should be no more than two (2) weeks. The Teacher Candidate then transitions to co-teaching with the Teacher Candidates taking on more and more responsibility for instruction.

In the second phase, it is suggested that no more than one (1) week is spent on observation of the daily life of the classroom, then transitioning to co-teaching with the Teacher Candidates taking on more and more responsibility for instruction.

By the end of the semester, the Teacher Candidate should have experienced four (4) weeks of solo teaching within the co-teaching model.

PLNU VS. School Calendar Guidelines

Teacher Candidates are to follow the schedule of the school district for vacations, even when different from the PLNU schedule. This may mean the Teacher Candidate has no official break, especially during the spring semester when PLNU classes may meet during the district's spring break. Teacher Candidates do not follow PLNU's calendar for days off from the school district.

Required Daily Hours

Teacher Candidates are to report to and remain at school during the same contractual hours required for the Cooperating Teacher. In addition, the Teacher candidate is expected to remain after school or come in early according to the Cooperating Teacher's preference for planning purposes. Teacher Candidates should expect to spend an additional 2-3 hours outside of each school day for planning purposes.

Absences

Teacher Candidates are required to be punctual and consistent in attendance. In the case of an unavoidable absence, the candidate must inform both the Cooperating Teacher and the University Supervisor before school begins and the Field Experience/Clinical Practice Coordinator as soon as feasible. All instructional plans and materials must be taken to the school if needed. Three (3) or more days of absence require a doctor's note and will require an additional week of Clinical Practice. There are no personal days; absences are appropriate for illness or emergencies only.

Video Recording

As a requirement for the California Teacher Performance Assessments (CalTPAs) and video observations, video recording is a required task that will occur during Clinical Practice Phases I and II. Teacher Candidates are required to follow the districts' policies regarding video recording and permission from all parties.

Video Observations Through SIBME

In preparation and support for the CalTPAs and to allow the Teacher Candidate to observe and reflect upon their own teaching, the University Supervisor will observe as many as two (2) formal lessons through SIBME during each phase. SIBME is a secure, FERPA-compliant video observation platform. Teacher Candidates will provide their formal lesson plan to the University Supervisor and upload their video recorded lesson to SIBME. The Teacher Candidate will then annotate the lesson using the provided standards and comments provided in the platform. The University Supervisor will then observe the lesson and provide feedback to the Teacher Candidate's annotation and provide further annotations. This process serves as the Formative Assessment Summary for the lesson. The Teacher Candidate will then complete the Analysis and Reflection Guide.

Clinical Practice Suggested Timeline (Traditional Candidates)

* Document stored in binder throughout the phase

**Formal lesson plans must be submitted to the observer(s) at least 24 hours prior to the observation.

Teacher Performance Assessments

Every teaching credential candidate in the School of Education at PLNU must take and pass the California Teaching Performance Assessment (CalTPA) in order to be recommended to the Commission for a preliminary teaching credential. This requirement includes teacher candidates in Multiple Subject, Single Subject, and both Education Specialist credentials (MMSN & ESN).

PLNU adopted the CalTPA, which is composed of two (2) cycles that increase in complexity and are designed to be embedded within the teacher preparation program. The TPAs require video recording a lesson for the whole class in Cycle 1 and a series of lessons for Cycle 2.

Candidates will receive direct instruction about each cycle within their Clinical Practice Seminar courses. Cycle 1 is completed during Clinical Practice 1, and Cycle 2 is completed during Clinical Practice 2. TPAs are submitted through the Pearson website.

The Two (2) Cycles

Instructional Cycle 1 (instruction)

Instructional Cycle 1 (instruction) focuses on developing an engaging, content-specific lesson for the whole class and three (3) focus students based on what the candidate learns about their diverse assets and needs, including their prior knowledge, interests, and developmental considerations. In this cycle, the candidate demonstrates: how they selected learning objectives; what they expect the students to learn; how they will assess that learning; and their development of content-specific activities and instructional strategies.

This cycle also focuses on how the candidate monitors student understanding during the lesson and makes appropriate accommodations to support individual student learning needs. As the candidate teaches and video-records the lesson, the candidate demonstrates how they establish a positive and safe learning environment that provides social and emotional support through positive interactions with students. The candidate shows how they use resources, materials, and tools, including educational and assistive technologies as appropriate.

Instruction Cycle 2 (assessment, unit of instruction, technology)

Instruction Cycle 2 (assessment, unit of instruction, technology) focuses on developing a learning segment that includes several purposefully connected lessons that occur over multiple days to develop student knowledge and understanding within a particular content area. This sequence of lessons may be part of a longer unit of instruction and should have a clear starting point and ending point related to a particular learning goal.

The candidate's lesson sequence should introduce one or more interconnected concepts within the content area that build students' content knowledge and understanding over time. The candidate will use several types of assessment and student results to support and promote deep learning of content, development of academic language, and engagement of students in the use of higher order thinking. For one class, the candidate will use what the candidate knows about their students' assets, needs, and learning context to plan and teach a learning segment based on California state standards using the content-specific pedagogy of the candidate's discipline. Throughout the content-specific learning segment, the candidate will provide feedback to students about their academic performance(s) based on informal assessment(s), student self-assessment, and formal assessment results, and support students to use assessment feedback to advance their understanding.

The candidate will then analyze and reflect on the evidence they observed of student learning of content and development of academic language based on the candidate's learning goals and objectives. The candidate then (a) creates a re-teaching activity or (b) creates a connecting activity to build on the instruction provided.

Education Specialist and Multiple Subject candidates must use math for one cycle and literacy for the other.

Failure to Pass the TPA

Candidates who are not successful in their 1st attempt must:

- Meet with the Professor of CP Seminar or their designee
- Register for one (1) unit of EDU 6091: TPA Support (Met as part of EDU 6048 for Interns)
- Re-submit the TPA at candidate's cost

Candidates who are not successful in their 2nd attempt must:

- Meet with the Professor of their completed EDU 6091: TPA Support (Met as part of EDU 6048 for Interns)
- Meet with the MAT/Preliminary Credential Program Director or Associate Dean
- Re-submit the TPA at candidate's cost

Failure on the 3rd attempt excludes the candidate from being recommended for a credential through PLNU. Therefore, there is no allowance for a 4th attempt on the TPA.

Notification of Need to Improve

The goal of the Point Loma Nazarene University School of Education faculty is to provide school districts with the most qualified candidates possible. The Clinical Practice experience is an essential part of the program. While we do our best to match candidates with Clinical Practice assignments, the matches are not always ideal. Sometimes a candidate struggles and needs extra support and specific help to improve. In rare situations, the role of teacher does not seem appropriate for a candidate. In response, PLNU has established the following policy for situations in which a candidate is struggling. Since PLNU is committed to maintaining quality standards throughout its teacher preparation program, the faculty and staff have established procedures to identify and assist a candidate who is not meeting with success.

Site Intervention Action Plan

If a Cooperating Teacher is experiencing any sort of difficulty with a Teacher Candidate, the Cooperating Teacher should immediately share their concerns with the University Supervisor. If the Cooperating Teacher and/or University Supervisor indicate two or more areas on the Teacher Candidate's Mid-Term Assessment as a score of 2 or below, the Teacher Candidate may require extra intervention support. A score of 1 = Does not meet proficiency on two or more standards and a score of 2 = Does not meet proficiency on one standard. The first level of intervention is implemented within the assigned site of Clinical Practice. This site intervention requires a written action plan (with a designated time for the intervention) and plans for providing extra support.

The action plan specifically identifies the area(s) of concern and the methods for collecting performance evidence during the planned intervention. The action plan will be signed by the Teacher Candidate, the Cooperating Teacher, and the University Supervisor. After the signed action plan is reviewed by the Program Director, a copy of the action plan will be placed in the Teacher Candidate's PLNU file.

A plan for providing extra support for the Teacher Candidate during a site intervention may include (but is not limited to):

- The Teacher Candidate's written evidence of thorough and careful planning related to improvement in the area(s) of concern
- Additional observations by and conferences with the University Supervisor
- Meeting(s) with subject matter specialists to clarify content and alternatives for teaching
- Additional three-way conferences between the Cooperating Teacher, Teacher Candidate, and University Supervisor
- Reviewing of and reflection on performance evidence collected by Cooperating Teacher and University Supervisor
- Evidence of incorporation of feedback given into subsequent lessons
- Frequent video recording of lessons for viewing by the Teacher Candidate independently and use of observed lessons when planning subsequent lessons

After conferring with the Cooperating Teacher (and other appropriate administrative personnel at the school site and in the PLNU School of Education), the University Supervisor will:

- Complete a "Notification of Need to Improve" form identifying area(s) of concern
- Meet with the Teacher Candidate and Cooperating Teacher to identify and discuss the area(s) of concern
- Establish an action plan and a designated time in which to remediate identified areas
- Delineate the method of monitoring by the Cooperating Teacher and University Supervisor
- Review the written action plan with the Cooperating Teacher and the Teacher Candidate and obtain their signatures

Removal From Placement or Failure to Successfully Complete

A Teacher Candidate may be removed from a placement and/or receive a failing grade if any of the following apply:

- Areas of concern are not corrected within the time span identified in the action plan
- The host school or University Supervisor requests in writing that the Teacher Candidate be removed from their placement

- A Cooperating Teacher and University Supervisor identify a Teacher Candidate who needs supplemental academic, professional, and/or personal assistance to meet with success in clinical experiences and as a credentialed teacher
- The Teacher Candidate does not successfully complete the phase(s) of Clinical Practice

If any of the above occurs, the Associate Dean, the Program Director, and the University Supervisor will meet to determine the next action. Based on the circumstances and the assessment of the Teacher Candidate's potential for success, one of the following possibilities will occur:

The Teacher Candidate receives a grade of no credit (NC) and the Teacher Candidate is dismissed from the program. The Teacher Candidate may appeal in writing to the Dean of Education within 48 hours.

- **Process for Appeals:** If dismissal from the program becomes necessary, Teacher Candidates may appeal once and one level higher than the body responsible for initial dismissal action; this appeal must be to the Dean of Education or their designee.
- **Timeline for Appeals:** In the event a Teacher Candidate has reason to appeal the decision to dismiss, the appeal must be filed in writing and submitted to the Dean of School of Education or their designee within 48 hours of notification of the dismissal.
- **Ombudsman:** Teacher Candidates may request an ombudsman to assist and advise them while he/she is involved in the appeals process as outlined.
- If the appeal is granted, after successfully completing a specified remediation plan and 1-4-unit course (EDU 6091) developed by the University Supervisor, Associate Dean, and the Program Director, the Teacher Candidate repeats the course in which the no credit grade was earned.

The Teacher Candidate completes a 1-4-unit remediation course (EDU6091) developed by the University Supervisor, Associate Dean, and the Program Director. Once the remediation plan is successfully completed, the Teacher Candidate is given a different Clinical Practice placement and repeats the course.

The Teacher Candidate receives a grade of in progress (IP). The Teacher Candidate continues in the program and has a specified period of time (minimum of four (4) weeks, maximum of two (2) semesters) to complete a remediation plan(EDU 6091). Once the

remediation plan is successfully completed, the Teacher Candidate receives credit (CR) for the Clinical Practice course.

Professional Standards for the Teacher Candidate

Teacher Candidates are expected to present themselves in professional manner at alltimes while completing Clinical Practice requirements.

1. Always have students refer to you as Mr./Ms. while using your last name.
2. Always wear appropriate clothing, including shoes, when visiting school campuses. Please follow all campus dress code guidelines. Casual business attire is appropriate for all experiences, regardless of the attire of others who work at the school. Your clothing should clearly distinguish you from the students in the school at a glance.
3. Always consult with your Cooperating Teacher regarding assessment documentation.
4. Never be alone with a student anywhere on campus.
5. Always refrain from physical interaction of any kind with students. High fives and fist bumps are appropriate depending on student grade level.

Responsibilities of the Teacher Candidate

The following guidelines will help ensure your success as a Teacher Candidate:

1. Give top priority to the Clinical Practice assignment. Observe carefully, plan thoroughly, and reflect productively for each lesson and day of teaching.
2. Check your PLNU email every day during your Clinical Practice experience. PLNU accounts are the exclusive venue for communication between University Supervisors, Teacher Candidates, and PLNU faculty and staff.
3. You may not miss Clinical Practice for the purpose of travel or personal holidays.
4. Complete the required online training during the first week of each quad.
5. Participate in activities on site during this assignment including parent/community meetings, parent conferences, open house, in-service, testing, etc.
6. Daily hours in the classroom will be logged in the Clinical Practice Log according to the contractual hours outlined by the district and at the discretion of the

Cooperating Teacher using student contact hours as well as corporate planning hours.

7. Develop an instructional plan using the PLNU Daily Plan form for one lesson each day and submit them to the Cooperating Teacher. The Cooperating Teacher will review, approve, and help adjust/refine all instructional plans before they are taught. Submit bi-weekly to the University Supervisor in Taskstream.
8. Develop a detailed instructional plan using a PLNU UDL Instructional Plan form for all formally observed lessons. Provide your instructional plan to the University Supervisor and/or Cooperating Teacher 24 hours prior to a formal classroom observation.
9. Four (4) of your plans will be written for the lessons formally observed by the University Supervisor (Formative Assessment Summaries).
10. Three (3) of these plans will be written for the lessons formally observed by the Cooperating Teacher. (These may be the same as the lessons for the University Supervisor.)
11. File all instructional plans in the Clinical Practice binder. Provide the binder to the University Supervisor at each visit for review and feedback and bring it to each seminar.
12. Submit a copy of the Analysis/Reflection Conference Guide and the Cooperating Teacher's Weekly Progress Report to your University Supervisor during your University Supervisor's visit.
13. Strive to make an accurate assessment of a lesson's or activity's effectiveness and the extent to which it achieved objectives. Practice citing several specific examples from the lesson/activity to support assessment.
14. Seek suggestions and feedback from your Cooperating Teacher and University Supervisor and plan so future actions reflect efforts to incorporate feedback.
15. Work diligently to successfully complete all university Clinical Practice requirements including attendance at seminars and conferences with the University Supervisor and Cooperating Teacher.
16. Know and follow the school regulations and practices affecting your communications with parents and families of the pupils for whom you are responsible.
17. Observe strict confidentiality with all information about a student, the class and the school. Be prudent and judicious whenever discussing a student or examining a student's work. (Be aware of all who could overhear or accidentally become privileged to confidential information.)

18. Approach the opportunity to work with a Cooperating Teacher and your students with enthusiasm and a willingness to learn.
19. Complete a reflection on your time with your University Supervisor and your Cooperating Teacher at the end of each phase (sent via email survey).
20. Submit work to your University Supervisor via Taskstream at the end of each phase.
21. You may substitute for your Cooperating Teacher for up to three (3) days per phase at the request of the Cooperating Teacher and with approval by the site principal. You must be on the district sub list.

Suggested Timeline: Teacher Candidate

Week 1

- Begin recording hours on Clinical Practice Log
- Attend Clinical Practice Seminars as assigned
- View Training videos online and complete quizzes(Phase I only)
- Begin Co-Planning with Cooperating Teacher (Traditional Candidates Phase II only)
- Meet University Supervisor
- Meet Cooperating Teacher (Traditional Candidates Only)
- Complete Daily Lesson Plans
- Submit Cooperating Teacher's W-9 form and Clinical Practice Confirmation card to Field Experience Coordinator (Traditional Candidates Only)

Week 2

- Begin co-planning with Cooperating Teacher (Traditional Candidates Only Phase I)
- Complete In-Person Formal Observation #1 & Analysis and Reflection #1*
- Submit Daily Lesson Plans to University Supervisor by 5 PM Friday via Taskstream
- Log hours in SMS (Interns only)

Week 3

- Continue co-planning with Cooperating Teacher (Traditional Candidates Only)

Week 4

- Complete In-Person or SIBME Formal Observation #2 & Analysis and Reflection #2*
- Midterm Triad Conference with Cooperating Teacher and Teacher Candidate
- Submit Daily Lesson Plans to University Supervisor by 5 PM Friday via Taskstream

Week 5

- Continue co-planning with Cooperating Teacher (Traditional Candidates Only)
- Log hours in SMS (Interns Only)

Week 6

- Prepare for full responsibility teaching (Traditional Candidates Only)
- Complete In-Person/SIBME Formal Observation #3 & Analysis and Reflection #3*
- Submit Daily Lesson Plans to University Supervisor by 5 PM Friday via Taskstream

Week 7

- Submit TPA Cycle (Phase I) or TPA Cycle 2 (Phase II)
- Conduct full responsibility Teaching (Traditional Candidates Only)

Week 8

- Conduct full responsibility Teaching (Traditional Candidates Only)
- Complete In-Person Formal Observation #4 & Analysis and Reflection #4*
- End-of-Placement Reflection: Cooperating Teacher (*link to survey will be sent via email*) (Traditional Candidates Only)
- End-of-Placement Reflection: University Supervisor (link to survey will be sent via email)
- Final Triad Conference with Cooperating Teacher and Teacher Candidate (Traditional Candidates Only)
- Submit necessary documents to University Supervisor on Taskstream (see Binder Content Checklist)
- Submit Daily Lesson Plans to University Supervisor by 5 PM Friday via Taskstream
- Submit Dispositions Self-Assessment to Clinical Practice Seminar Professor on Taskstream
- Submit Individual Development Plan (IDP) in Taskstream
- Log hours in SMS (Interns only)

*NOTE: You will be observed by your University Supervisor four (4) times and by your Cooperating Teacher three (3) times. These observations may or may not overlap. Therefore, you will complete between four (4) and seven (7) formal observations. For each formal observation, you will complete and submit a formal lesson plan to the observer(s) at least 24 hours in advance for review (4-8 total). After each formal observation, you will complete an Analysis and Reflection form.

Assessment of Teacher Candidate Performance

A grade of CR/NC (credit or no credit) is recorded for each Clinical Practice experience. Assessment of Teacher Candidate performance is guided by the following instruments:

1. Clinical Practice Log
 - Stored in binder during the Clinical Practice experience
 - Scanned and uploaded to Taskstream by the Teacher Candidate and submitted to the University Supervisor at the end of the experience
2. Weekly Progress Reports (Traditional Candidates Only)
 - Stored in binder during the Clinical Practice experience
 - Scanned and uploaded to Taskstream by the Teacher Candidate and submitted to the University Supervisor at the end of the experience
3. Daily detailed plans using the PLNU Daily Instructional Plan (or a daily plan pre-approved by Associate Dean or Program Director)
 - Stored in binder and uploaded to Taskstream by the Teacher Candidate to the University Supervisor every two weeks.
4. Formal PLNU UDL Instructional Plans for four (4) lessons formally observed by the University Supervisor (Formative Assessment Summaries) and three (3) lessons formally observed by the Cooperating Teacher (Traditional Candidates only)
 - Stored in binder during the Clinical Practice experience
 - Uploaded to Taskstream by the Teacher Candidate and submitted to the University Supervisor at the end of the experience
5. Analysis & Reflection Conference Guides for each lesson formally observed by the Cooperating Teacher (Traditional Candidates Only) or University Supervisor
 - Stored in binder during the Clinical Practice experience
 - Uploaded to Taskstream by the Teacher Candidate and submitted to the University Supervisor at the end of the experience
6. Pre-Assessment (Traditional Candidates Only), Midterm Assessment and Final Assessment

- Submitted via e-mail survey by the Cooperating Teacher (Traditional Candidates Only) and/or University Supervisor (Pre-Assessment completed by Cooperating Teacher only)
- 7. Dispositions and Indicators of Noble Character form
 - Submitted via e-mail survey by the Cooperating Teacher (Traditional Candidates Only) and University Supervisor
- 8. Candidate's End-Of-Placement Reflections on the Cooperating Teacher (Traditional Candidates Only) and University Supervisor
 - Submitted via e-mail survey by the Teacher Candidate

Responsibilities of the Cooperating Teacher

Traditional Teacher Candidate

Cooperating Teachers are professional coaches and guide Teacher Candidates who are seeking to enter the teaching profession. The Cooperating Teacher will complete the following:

1. Help the Teacher Candidate feel at home in the school by introducing him/her to other faculty members, inviting him/her to faculty meetings and in-service activities, and providing teacher editions of the texts and other planning materials as appropriate.
2. Prepare the class for the Teacher Candidate's arrival by creating an atmosphere of acceptance and respect. (A note home to the parents introducing the Teacher Candidate is suggested, unless your administrator prefers another means of communication.)
3. Help the Teacher Candidate understand the capacities and goals of pupils in the class and give guidance to the candidate concerning the individual and group needs of the class (Include special considerations and/or modifications for special circumstances and EL students).
4. Provide and demonstrate a model of teaching for the Teacher Candidate to observe and to adapt to his/her own use. (Model first and then observe the Teacher Candidate teach. Write notes during the observation about what went well and what could have gone better.)
5. Provide a daily discussion and question time for the first few weeks and talk to the Teacher Candidate about the lesson taught as soon as possible. Ask if he/she wants you to model again, co-plan, or continue to observe and then note the incorporation of your feedback and suggestions.
6. Complete the W-9 form, and Cooperating Teacher Training (www.plnusoe.com) within the first week spent with your Teacher Candidate.
7. Complete the Cooperating Teacher Information through the provided Google form.

8. Complete 10 hours of Cooperating Teacher training online. (8 hours through link provided by the University and 2 hours through the PLNU website.)
9. Review all instructional plans. (These must be reviewed with the Teacher Candidate BEFORE their implementation so the desired refinements and changes can be made. Instructional plans will be submitted to you 24 hours prior to their implementation.)
10. Communicate with the University Supervisor regarding the behavior, achievements of, expectations for and performance of the Teacher Candidate.
11. Complete Weekly Progress and Reflection Report and discuss each selected TPE/CSTP element with the candidate. (Teacher Candidates submit a copy of this report to the University Supervisor each visit.)
12. Formally observe three (3) lessons designed with PLNU Instructional Plan taught by the Teacher Candidate and provide written feedback via the Midterm Assessment and Final Assessment. (Assessments will be sent via e-mail survey.)
13. Contact the University Supervisor IMMEDIATELY if the Teacher Candidate is not performing professionally or meeting what you consider minimum standards of the profession. In cases of inadequate Teacher Candidate performance, work with the University Supervisor to assist the Teacher Candidate to improve while at the same time completing the necessary process and documentation for possible removal from Clinical Practice. Refer to Notification of Need to Improve.
14. Schedule a triad midterm conference with the Teacher Candidate and the University Supervisor to evaluate the Teacher Candidate's progress.
15. Complete the Dispositions and Indicators of Noble Character rubric at the end of the phase. (The Dispositions form will be sent via e-mail survey.)
16. Complete a reflection on your experience with the University Supervisor at the end of the phase. (The reflection will be sent via e-mail survey.)
17. Schedule a triad exit conference with the University Supervisor and Teacher Candidate.

Cooperating Teacher Training

In accordance with California Commission on Teacher Credentialing (CTC) regulations, all Cooperating Teachers must complete 10 hours of training. The training consists of a coaching module delivered asynchronously through Canvas and three (3) PLNU training videos that are assessed with corresponding quizzes (Forms Training, Co-Teaching Training, and Pairs Training).

The PLNU training should be completed within the first week spent with the Teacher Candidate. Please note that the Pairs Training should be completed with the Teacher Candidate. To complete the online training:

1. Visit www.plnusoe.com
2. Click “Cooperating Teachers”
3. Click “Training Videos”
4. Watch the three (3) training videos (corresponding documents are in the descriptions)
5. Complete the quizzes (links, passwords, and passing scores are in the descriptions)

A link will be sent for the asynchronous coaching training and should be completed within the first three (3) weeks.

Daily Conferences

Short, informal, daily conferences should be held with the Teacher Candidate to address questions, issues, feedback, co-planning, coordination of schedules, and other items needing immediate attention.

Weekly Conferences

Weekly conferences should be held with the Teacher Candidate to evaluate and complete a Weekly Progress and Reflection Report regarding the Teacher Candidate's Progress. This time should also be used for long-term co-planning.

Conferences with the University Supervisor

Conferences with the University Supervisor will be scheduled throughout the placement to discuss the progress of the Teacher Candidate and any other questions or concerns you may have.

Video Recording

As a requirement for the Teacher Performance Assessments and video observations, video recording is a required task that will occur during Clinical Practice Phases I and Phase II. Teacher Candidates are required to follow the districts' policies regarding video recording and permission from all parties.

Cooperating Teacher Checklist

Preparing

- Work with my principal, staff, and faculty to make my Teacher Candidate feel welcomed and accepted
- Prepare my class(es) for the coming of “another teacher” who will have the same level of authority
- Arrange for basic necessities for my Teacher Candidate (i.e. desk or table, computer access, etc.)
- Prepare a collection of pertinent information and materials for my Teacher candidate (i.e. school-wide forms, classroom procedures, emergency information, etc.)

Planning

- Provide my Teacher Candidate with my own long-range and daily lesson plans
- Set a definite time daily to confer with my Teacher Candidate

- Work with my Teacher Candidate to develop lesson plans
- Examine my Teacher Candidate's lesson plans daily and give feedback

Teaching

- Provide a gradual induction into teaching for my Teacher Candidate, considering demonstrated ability
- Plan early teaching experiences for my Teacher Candidate that promote maximum chance of success
- Allow my Teacher Candidate the flexibility to choose her/his own teaching methods as appropriate
- Encourage initiative and creativity on the part of my Teacher Candidate
- Help my Teacher Candidate learn to manage the routine tasks of a teacher (i.e. taking roll, recording grades, carrying out special duties, securing resource materials, using technology for instruction and classroom management, etc.)

Assessing

- Give my Teacher Candidate specific suggestions for improvement and specific praise for successes
- Give my Teacher Candidate frequent opportunities to reflect on and evaluate her/his own teaching

Managing

- Instruct my Teacher Candidate in methods of classroom management
- Give my Teacher Candidate full support when it is necessary for her/him to take disciplinary action
- Encourage my Teacher Candidate to try her/his own ideas for maintaining discipline

Relating

- Encourage my Teacher Candidate to try her/his own ideas for maintaining discipline
- Accept my Teacher Candidate as both a student and a co-teacher
- Encourage my Teacher Candidate to express her/his opinion and ideas and ask questions as they arise

- Encourage my Teacher Candidate to discuss freely any problems of a professional or personal nature
- Assist my Teacher Candidate in developing professional relationships with staff, faculty, and parents

Suggested Timeline: Cooperating Teacher

Week 1

- Complete W-9 form (teacher candidate will provide a copy from their binder)
- Complete Cooperating Teacher Information Card (teacher candidate will provide a copy from their binder)
- View Training videos online and complete quizzes
- Begin Virtual Master Teacher Training Through San Diego County Office of Education
- Complete Weekly Progress and Reflection Report / weekly Co-Teaching Chart
- Begin co-planning with Teacher Candidate (Phase II)

Week 2

- Complete Weekly Progress and Reflection Report / Weekly Co-Teaching Chart
- Formal Observation #1
- Begin co-planning with Teacher Candidate (Phase I)

Week 3

- Complete Weekly Progress and Reflection Report / Weekly Co-Teaching Chart
- Finish Completing Virtual Master Teacher Training with SDCOE
- Continue co-planning with Teacher Candidate

Week 4

- Continue co-planning with Teacher Candidate
- Complete Weekly Progress and Reflection Report / Weekly Co-Teaching Chart
- Formal Observation #2
- Midterm Assessment Survey (*link to survey will be sent via email*)
- Midterm Triad Conference with University Supervisor and Teacher Candidate

Week 5

- Complete Weekly Progress and Reflection Report / Weekly Co-Teaching Chart
- Continue co-planning with Teacher Candidate

Week 6

- Weekly Progress and Reflection Report / Weekly Co-Teaching Chart
- Shift Instructional Responsibility to Teacher Candidate

Week 7

- Complete Weekly Progress and Reflection Report / Weekly Co-Teaching Chart
- Confer daily regarding responsibilities

Week 8-9

- Complete Weekly Progress and Reflection Report / Weekly Co-Teaching Chart
- Formal Observation #3
- Final Assessment Survey (*link to survey will be sent via email*)
- Disposition and Indicators of Noble Character Survey (*link to survey will be sent via email*)
- End-of-Placement Reflection: University Supervisor (*link to survey will be sent via email*)
- Final Triad Conference with University Supervisor and Teacher Candidate

Responsibilities of a University Supervisor

At each visit during the Clinical Practice experience, the University Supervisor will confer with the Teacher Candidate and the Cooperating Teacher (Traditional Candidates Only). The University Supervisor will perform the following:

1. Maintain open and prompt communication between school personnel, the Cooperating Teacher (Traditional Candidates Only), District Intern coach (Interns Only) and the Teacher Candidate.
2. Provide the Cooperating Teacher (Traditional Candidates Only) and Teacher Candidate with information about the program goals, objectives, required activities, observation appointments, time lines and record-keeping needs.
3. Support and encourage the development of teaching skills.
4. Review the Teacher Candidate's PLNU instructional plans prior to each visit. (The Teacher Candidate is responsible for providing these at least 24 hours prior to visit.)
5. During each visit, review the instructional plan binder to ensure that instructional plans are detailed and complete.
6. Confer a minimum of three (3) times with the Cooperating Teacher (Traditional Candidates Only) about the disposition, achievements, instructional responsibilities and performance of the Teacher Candidate.
7. Complete four (4) formative assessments using the Formative Assessment Summaries form. For each observation, review the PLNU UDL Instructional Plan and the Analysis & Reflection Conference Guide completed by the Teacher Candidate.
8. Complete the appropriate Content Specific Competency Assessment (Multiple Subject and Single Subject) OR Special Education Teaching Competency Assessment (Educational Specialist).
9. Complete the Midterm Assessment and Final Assessment (sent via email survey).
10. Assist the Teacher Candidate and Cooperating Teacher (Traditional Candidates Only) throughout the assignment, clearly communicating expectations, encouraging improvement, and keeping abreast of the Teacher Candidate's progress.
11. Respond immediately to a Cooperating Teacher's (Traditional Candidates Only) decision that a Teacher Candidate is not performing responsibly, professionally, or to minimum standards of the profession. In this case, the University Supervisor, along with the program advisor and the Cooperating Teacher (Traditional Candidates Only), will assist the Teacher Candidate to improve through the use of the provided improvement/intervention action plan while at the same time completing the necessary documentation for possible removal from Clinical Practice.

12. Schedule a triad midterm conference with the Teacher Candidate and the Cooperating Teacher (Traditional Candidate Only) to evaluate the Teacher Candidate's progress.
13. Complete the Dispositions and Indicators of Noble Character rubric at the end of the phase. (*The Dispositions form will be sent via email survey*).
14. Complete a reflection on your experience with the Cooperating Teacher Traditional Candidates Only) at the end of the phase. (*The reflection will be sent via email survey*).
15. Schedule a triad exit conference with the Cooperating Teacher (Traditional Candidates Only) and the Teacher Candidate. Ensure that the Individual Development Plan (IDP) addresses this meeting. (Phase II)

Suggested Timeline: University Supervisor

Week 1

- Meet Teacher Candidate at Clinical Practice Seminar; set up an observation schedule

Week 2

- Review the Clinical Practice Binder
- Formal In-Person Observation #1 & Formative Assessment Summary
- Complete the first triad meeting with the Teacher Candidate (Traditional Candidates Only) and Cooperating Teacher
- Log Hours in SMS (Intern Candidates Only)
- Evaluate Daily Lesson Plans in Taskstream

Week 3

- Review the Clinical Practice Binder

Week 4

- Review the Clinical Practice Binder
- Formal In-Person or SIBME Observation #2 & Formative Assessment Summary
- Midterm Assessment Survey (*link to survey will be sent via email*)
- Midterm Triad Conference with Cooperating Teacher (Traditional Candidates Only) and Teacher Candidate
- Evaluate Daily Lesson Plans in Taskstream

Week 5

- View the Clinical Practice Binder
- Log hours in SMS (Intern Candidates Only)

Week 6

- Review the Clinical Practice Binder
- Formal In-Person or SIBME Observation #3 & Formative Assessment Summary
- Evaluate Daily Lesson Plans in Taskstream

Week 7

- Log hours in SMS (Intern Candidates Only)

Week 8 (Last Week of the Quad)

- Formal Observation #4 & Formative Assessment Summary
- Dispositions and Indicators of Noble Character Survey (*link to survey will be sent via email*)
- Evaluate Daily Lesson Plans in Taskstream
- End-of-Placement Reflection: Cooperating Teacher (Traditional Candidates Only) (*link to survey will be sent via email*)
- Final Triad Conference with Cooperating Teacher (Traditional Candidates Only) and Teacher Candidate
- Submit the appropriate Content Specific Competency Assessment (Multiple Subject and Single Subject) OR Special Education Teaching Competency Assessment (Education Specialist).
- Log hours in SMS (Only if Teacher Candidate is an Intern)
- Ensure that candidate completes the Individual Development Plan (IDP) (Phase II).

Week 9

- Evaluate Taskstream documents

Overall Progress Rating

The “Overall Progress Rating” provides a weekly summary of the Teacher Candidate’s demonstration of professional attributes essential to success in a placement and the teaching profession. IT is to be completed by the Cooperating Teacher.

Rating Key: U = Unacceptable, I = Inconsistent, A = Acceptable, C= Consistent, O= Outstanding

	U	I	A	C	O
Punctual <i>Met established time requirements for arrival, meetings and conferences.)</i>					
Preparation <i>(Evidence of thoughtful and thorough preparation of instructional plans as well as having appropriate materials and resources selected and available.)</i>					
Knowledge <i>(Demonstrated knowledge of subject matter content and student development.)</i>					
Communication <i>(Receptive to suggestions and feedback: discussed and reflected productively about observations, interactions and own teaching.)</i>					
Classroom Management <i>(Maintained an effective environment conducive to learning and student social and academic behavior.)</i>

Materials Necessary:

Tips to Remember:

Bring ideas for modifications and accommodations
Bring ideas for enrichment activities
When planning together, work on what you'll be co-teaching
Focus on communication

Discuss a variety of assessment strategies
Outline questions to be used for parallel, station, etc.
Divide up the work
Don't use co-planning time to plan what you're doing on your own for the lesson

Co-Teaching Strategies & Examples

<i>Strategy</i>	<i>Definition/Example</i>
<i>One Teach, One Observe</i>	<p>One teacher has primary responsibility while the other gathers specific observational information on students or on the lead teacher. Example: One teacher observes students for their understanding of directions while the other leads.</p>
<i>One Teach, One Assist</i>	<p>An extension of One Teach, One Observe. One teacher has primary instructional responsibility while the other assists students with their work, monitors behaviors, or corrects assignments. Example: One teacher has the instructional lead, and the other teacher assists students who are having difficulties.</p>
<i>Station Teaching</i>	<p>The co-teaching pair divides the instructional content into parts and each teacher instructs one group. Groups rotate or spend a designated amount of time at each station. Often an independent station will be used along with the teacher-led stations. Example: One teacher leads a station where the students play a money math game. The other teacher leads a station with a mock store in which students purchase items and make change.</p>
<i>Parallel Teaching</i>	<p>Each teacher instructs half the students. The two teachers are addressing the same instructional material and presenting the material using the same teaching strategy. The greatest benefit to this approach is the reduction of student to teacher ratio. Example: Both teachers lead a group. One teacher leads a question and answer discussion; the other leads a discussion on current events.</p>
<i>Supplemental Teaching</i>	<p>This strategy allows one teacher to work with the students at their expected grade level, while the other teacher works with those students who need the information and/or materials retaught, extended or remediated. Example: One teacher works with students who need re-teaching of a concept while the other teacher works with the rest of the students on enrichment.</p>
<i>Alternative (Differentiated)</i>	<p>Alternative teaching strategies provide two different approaches to teaching the same information. The learning outcome is the same for all students; however, the avenue for getting there is different. Example: One teacher leads a group in story prediction prior to reading by looking at the cover of the book and the illustrations, etc. The other teacher leads another group in story prediction prior to reading by connecting the items pulled out of the bag with the story.</p>
<i>Team Teaching</i>	<p>Well planned team-taught lessons exhibit an invisible flow of instruction with no prescribed division of authority. Using a team-teaching strategy, both teachers are actively involved in the lesson. From a student's perspective, there is no clearly defined leader as both teachers share the instruction, are free to interject information, and available to assist students and answer questions. Example: Both teachers share delivery of the instruction to a whole-group classroom setting.</p>

1. ENGAGE/ANTICIPATORY SET (HOOK):

Describe how you will communicate the academic learning goals and activate prior knowledge interests. Set expectations for behavior.

2. EXPLORE/INSTRUCTION (I do):

Describe the concept or skill development strategies (including modeling). Describe your plan for instruction in the order in which it will be implemented.

3. GUIDED PRACTICE (We do):

Describe the student activities and grouping that you will implement during guided practice of the concept or skill.

4. EXPLANATION/INFORMAL ASSESSMENT:

Describe how you will informally assess students to determine whether they understand the concept or skill well enough to complete it independently.

5. ELABORATE/INDEPENDENT PRACTICE (You do):

Describe the student activities that you will implement during individual practice of the concept or skill (in class).

6. CLOSURE:

Describe how you will ensure that students understood the main point of the lesson: How will you connect to future learning?

UDL Guidelines

Principle I. Provide Multiple Means of Representation

Guideline 1: Provide options for perception

- Check point 1.1: Offer ways of customizing the display of information
- Checkpoint 1.2: Offer alternatives for auditory information
- Checkpoint 1.3: Offer alternatives for visual information

Guideline 2: Provide options for language, mathematical expressions, and symbols

- Checkpoint 2.1: Clarify vocabulary and symbols
- Checkpoint 2.2: Clarify syntax and structure
- Checkpoint 2.3: Support decoding of text, mathematical notation, and symbols
- Checkpoint 2.4: Prompt understanding across languages
- Checkpoint 2.5: Illustrate through multiple media

Guidelines 3: Provide options for physical action

- Checkpoint 3.1: Activate or supply background knowledge
- Checkpoint 3.2: Highlight patterns, critical features, big ideas, and relationships
- Checkpoint 3.3: Guide information processing, visualization, and manipulation
- Checkpoint 3.4: Maximize transfer and generalization

Guideline 4: Provide options for physical action

- Checkpoint 4.1: Vary the methods for response and navigation
- Checkpoint 4.2: Optimize access to tools and assist technologies

Guideline 5: Provide options for expression and communication

- Checkpoint 5.1: Use multiple media for communicating
- Checkpoint 5.2: Use multiple tools for construction and composition
- Checkpoint 5.5: Build fluencies with graduated levels of support for practice and performance

Guideline 6: Provide options for executive functions

- Checkpoint 6.1: Guide appropriate goal-setting
- Checkpoint 6.2: Support planning and strategy development
- Checkpoint 6.3: Facilitate managing information and resources

- Checkpoint 6.4: Enhance capacity for monitoring progress

Guideline 7: Provide options for recruiting interest

- Checkpoint 7.1: Optimize individual choice and autonomy
- Checkpoint 7.2: Optimize relevance, value, and authenticity
- Checkpoint 7.3: Minimize threats and distraction

Guideline 8: Provide options for sustaining effort and persistence

- Checkpoint 8.1: Heighten salience of goals and objectives
- Checkpoint 8.2: Vary demands and resources to optimize challenges
- Checkpoint 8.3: Foster collaborative and community
- Checkpoint 8.4: Increase mastery-oriented feedback

Guideline 9: Provide options for self-regulation

- Checkpoint 9.1: Promote expectations and beliefs that optimize motivation
- Checkpoint 9.2: Facilitate personal coping skills and strategies
- Checkpoint 9.3: Develop self-assessment and reflection

Analysis

Please answer each question thoroughly and cite specific lesson examples to support your answer.

1. Did you teach the lesson as planned? If not, what changes did you make to the lesson and why?

2. How appropriate were your time allocation for the students, the content, and the planned instructional strategies and student activities? Cite specific examples.

3. To what extent did the class as a whole achieve the academic learning goals of the lesson?

4. How well did your Focus Students (English learners, students with special needs, gifted learners) learn what you intended for them to learn?

5. What will you do for the student(s) who did not achieve the academic learning goals?

6. How well did the lesson connect with your students' prior knowledge, backgrounds, and learning styles? *Cite examples to show evidence of student learning.*

Reflection

1. Given your analysis of this lesson and the student learning that resulted, how will you use this information to guide your planning for future lessons?
2. After reflecting upon this instructional experience, what have you learned about the need to make adaptations as you plan for differentiated instruction? Cite specific information about the students, your plan for instruction, and the analysis of the lesson to explain your answer.
3. A. What are your goals for increasing your knowledge, skills, and/or dispositions as a developing teacher? B. How can your University Supervisor and/or Cooperating Teacher support you in achieving your goals?

Directions:

1. Review each Candidate Proficiency.
2. Based on a review of the provided formal lesson plan and lesson delivery, mark the box in the column that best describes the candidate’s current level of proficiency.
3. Based on an analysis of all sources of assessment, jointly establish a few focus areas (goals) for professional development. Use the Clinical Practice Rubric as a guide to create these goals.

Teacher Performance Expectations:

- TPE 1: Engaging and Supporting All Students in Learning
- TPE 2: Creating and Maintaining Effective Environments for Student Learning
- TPE 3: Understanding and Organizing Subject Matter for Student Learning
- TPE 4: Planning Instruction and Designing Learning Experiences for All Students
- TPE 5: Assessing Student Learning
- TPE 6: Developing as a Professional Educator

Midterm Assessment Evaluation Rubric

Planning Instruction and Designing Learning Experiences for All Students

The Teacher Candidate learns about their students and uses this information to plan instruction and assessment, as evidenced by:

<i>Elements</i>	<i>Candidate Proficiency</i>	<i>I</i>	<i>II</i>	<i>III</i>	<i>IV</i>	<i>Not Yet Observed</i>
<i>Academic Goals and State Adopted Content Standards</i> <i>(TPE 3 and 4)</i>	Establishing clear and appropriate long and short-term goals for student learning, based on state-adopted frameworks and standards, CAPA standards or other performance-based standards for students	Shows little to no evidence of establishing or communicating clear learning goals or alignment with state-adopted content standards, alternative standards or other alternate standards	Establishes somewhat ambiguous academic learning goals partially aligned with state adopted content standards, alternative standards or other alternate standards and communicates these goals to students in a cursory manner	Establishes and communicates appropriate academic learning goals with aligned state adopted content standards, alternative standards or other alternate standards to students	Consistently establishes and communicates clear and appropriate academic learning goals aligned with state adopted content standards, alternative standards or other alternate standards to students (and as appropriate families and other audience)	
<i>Information About Students (Focus Students)</i> <i>(TPE 1)</i>	Obtaining detailed and relevant information about the class as a whole and about selected students including linguistic background; academic language abilities, IEP	Obtains little or no information about students' backgrounds	Obtains somewhat cursory information about students' backgrounds	Obtains accurate and relevant information about student's backgrounds	Consistently obtains detailed and relevant information about students' backgrounds	

	goals and objectives, content knowledge, and skills, physical, social, and emotional development; cultural and health considerations; and interests					
<i>Instructional Plan and Rationale</i> <i>(TPE 3 and 4)</i>	Planning relevant and appropriate instruction (with appropriate rationale) in relation to the content area and subject matter to be taught and in accordance with state-adopted frameworks, and standards, CAPA standards or other alternate standards, and IEP goals and objectives	Inappropriately addresses the components of the instructional plan; missing components, inappropriate rationale	Ambiguously addresses some components of the instructional plan with somewhat cursory rationale	Accurately and appropriately addresses most components of the instructional plan with appropriate rationale	Consistently, coherently and completely addresses all components of the instructional plan with relevant and detailed rationale	
<i>Adaptations to Support Learning for All Students</i> <i>(TPE 4)</i>	Selecting and adapting relevant and appropriate instructional strategies, grouping strategies, and instructional materials to assist students to achieve learning goals and meet all students' needs.	Uses inappropriate or no adaptations, providing little or no evidence of understanding of differentiation fo EL and special needs students	Uses minimally appropriate adaptations demonstrating limited understanding of differentiations for EL and special needs students	Accurately and appropriately uses adaptations demonstrating basic understanding of differentiation for EL and special needs students	Consistently uses relevant and appropriate adaptations demonstrating accurate understanding of differentiation for EL and special needs students	

Creating and Maintaining Effective Environments for Student Learning

The Teacher Candidate establishes a climate for learning and uses instructional time appropriately as evidenced by:

<i>Elements</i>	<i>Candidate Proficiency</i>	<i>I</i>	<i>II</i>	<i>III</i>	<i>IV</i>	<i>Not Yet Observed</i>
<i>Instructional Time (TPE 1 and 2)</i>	Allocating instructional time appropriately	Inappropriately or inaccurately estimates time allocations for instructional plan; may fail to set time allocations	Inconsistently, sometimes appropriately, sometimes inappropriately estimates allocations for instructional plan	Accurately estimates most time allocations for instructional plan	Consistently, appropriately and accurately estimate time allocations (pacing) for instructional plan	
<i>Procedures for Routine Tasks and Transitions (TPE 2)</i>	Establishing clear and appropriate procedures for routine tasks and managing transitions to maximize instructional time	Little or no procedures set for routine tasks and transitions with no efficient use of time	Inconsistent and minimal procedures with limited time efficiency	Appropriate procedures for effective use of instructional time	Consistently establishes clear and appropriate procedures and maximizes instructional time	
<i>Expectations for Academic and Social Behavior (TPE 1 and 2)</i>	Developing and maintaining clear and appropriate expectations for academic and social behavior	Inappropriate or no expectations have been established	Ambiguous or inconsistent expectations have been established	Appropriate expectations have been established	Consistently clear and accurate expectations have been established	
<i>Positive Climate for Learning (TPE 2)</i>	Creating and maintaining a positive climate appropriate for learning for all students using both classroom and school-wide positive behavior supports.	Creates a climate inappropriate for learning	Sometimes creates appropriate climate for learning for some students	Creates and maintains a positive climate appropriate for learning for most students	Consistently creates and maintains a positive climate highly appropriate for learning for all students	

Engaging and Supporting Students in Learning

The Teacher Candidate uses and adapts strategies and activities for instruction and learning, as evidenced by:

<i>Elements</i>	<i>Candidate Proficiency</i>	<i>I</i>	<i>II</i>	<i>III</i>	<i>IV</i>	<i>Not Yet Observed</i>
<i>Instructional Strategies and Student Activities</i> <i>(TPE 3)</i>	Using relevant and developmentally appropriate instructional strategies and activities according to purpose and lesson content, and specific needs of students based on academic content standards, and IEP goals and objectives	Uses developmentally inappropriate or no instructional strategies and student activities with little or no alignment with purpose, academic content and/or specific IEP goals	Uses ambiguous or inconsistent instructional strategies and student activities partially aligned to lesson purpose, academic content and/or specific IEP goals	Uses developmentally appropriate instructional strategies and student activities aligned with lesson purpose, academic content, or specific IEP goals	Consistently uses relevant and developmentally appropriate instructional strategies and student activities aligned with lesson purpose, academic content, or specific IEP goals	
<i>Plans for Students with Special Needs or Abilities</i> <i>(TPE 4)</i>	Making relevant or appropriate plans for students who have special needs or abilities	Makes inappropriate or no plans for students who have special needs or abilities	Makes inconsistent or minimal plans for students who have special needs or abilities	Make appropriate plans/adaptations for students with special needs or abilities	Consistently makes relevant and appropriate plans / adaptations for students with special needs or abilities

Directions:

1. Review each Candidate Proficiency.
2. Based on a review of the provided formal lesson plan and lesson delivery, mark the box in the column that best describes the candidate’s current level of proficiency.
3. Based on an analysis of all sources of assessment, jointly establish a few focus areas (goals) for professional development. Use the Clinical Practice Rubric as a guide to create these goals.

Teacher Performance Expectations:

- TPE 1: Engaging and Supporting All Students in Learning
- TPE 2: Creating and Maintaining Effective Environments for Student Learning
- TPE 3: Understanding and Organizing Subject Matter for Student Learning
- TPE 4: Planning Instruction and Designing Learning Experiences for All Students
- TPE 5: Assessing Student Learning
- TPE 6: Developing as a Professional Educator

Final Evaluation Rubric

Planning Instruction and Designing Learning Experiences for All Students

The Teacher Candidate learns about their students and uses this information to plan instruction and assessment, as evidenced by:

<i>Elements</i>	<i>Candidate Proficiency</i>	<i>I</i>	<i>II</i>	<i>III</i>	<i>IV</i>	<i>Not Yet Observed</i>
<p><i>Academic Goals and State Adopted Content Standards</i> (TPE 3 and 4)</p>	<p>Establishing clear and appropriate long and short-term goals for student learning, based on state-adopted frameworks and standards, CAPA standards or other performance-based standards for students</p>	<p>Shows little to no evidence of establishing or communicating clear learning goals or alignment with state-adopted content standards, alternative standards or other alternate standards</p>	<p>Establishes somewhat ambiguous academic learning goals partially aligned with state adopted content standards, alternative standards or other alternate standards and communicates these goals to students in a cursory manner</p>	<p>Establishes and communicates appropriate academic learning goals with aligned state adopted content standards, alternative standards or other alternate standards to students</p>	<p>Consistently establishes and communicates clear and appropriate academic learning goals aligned with state adopted content standards, alternative standards or other alternate standards to students (and as appropriate families and other audience)</p>	
<p><i>Information About Students (Focus Students)</i> (TPE 1)</p>	<p>Obtaining detailed and relevant information about the class as a whole and about selected students including linguistic background; academic language abilities, IEP</p>	<p>Obtains little or no information about students' backgrounds</p>	<p>Obtains somewhat cursory information about students' backgrounds</p>	<p>Obtains accurate and relevant information about student's backgrounds</p>	<p>Consistently obtains detailed and relevant information about students' backgrounds</p>	

	goals and objectives, content knowledge, and skills, physical, social, and emotional development; cultural and health considerations; and interests					
<i>Instructional Plan and Rationale</i> <i>(TPE 3 and 4)</i>	Planning relevant and appropriate instruction (with appropriate rationale) in relation to the content area and subject matter to be taught and in accordance with state-adopted frameworks, and standards, CAPA standards or other alternate standards, and IEP goals and objectives	Inappropriately addresses the components of the instructional plan; missing components, inappropriate rationale	Ambiguously addresses some components of the instructional plan with somewhat cursory rationale	Accurately and appropriately addresses most components of the instructional plan with appropriate rationale	Consistently, coherently and completely addresses all components of the instructional plan with relevant and detailed rationale	
<i>Adaptations to Support Learning for All Students</i> <i>(TPE 4)</i>	Selecting and adapting relevant and appropriate instructional strategies, grouping strategies, and instructional materials to assist students to achieve learning goals and meet all students' needs.	Uses inappropriate or no adaptations, providing little or no evidence of understanding of differentiation fo EL and special needs students	Uses minimally appropriate adaptations demonstrating limited understanding of differentiations for EL and special needs students	Accurately and appropriately uses adaptations demonstrating basic understanding of differentiation for EL and special needs students	Consistently uses relevant and appropriate adaptations demonstrating accurate understanding of differentiation for EL and special needs students	

Creating and Maintaining Effective Environments for Student Learning

The Teacher Candidate establishes a climate for learning and uses instructional time appropriately as evidenced by:

<i>Elements</i>	<i>Candidate Proficiency</i>	<i>I</i>	<i>II</i>	<i>III</i>	<i>IV</i>	<i>Not Yet Observed</i>
<i>Instructional Time (TPE 1 and 2)</i>	Allocating instructional time appropriately	Inappropriately or inaccurately estimates time allocations for instructional plan; may fail to set time allocations	Inconsistently, sometimes appropriately, sometimes inappropriately estimates allocations for instructional plan	Accurately estimates most time allocations for instructional plan	Consistently, appropriately and accurately estimate time allocations (pacing) for instructional plan	
<i>Procedures for Routine Tasks and Transitions (TPE 2)</i>	Establishing clear and appropriate procedures for routine tasks and managing transitions to maximize instructional time	Little or no procedures set for routine tasks and transitions with no efficient use of time	Inconsistent and minimal procedures with limited time efficiency	Appropriate procedures for effective use of instructional time	Consistently establishes clear and appropriate procedures and maximizes instructional time	
<i>Expectations for Academic and Social Behavior (TPE 1 and 2)</i>	Developing and maintaining clear and appropriate expectations for academic and social behavior	Inappropriate or no expectations have been established	Ambiguous or inconsistent expectations have been established	Appropriate expectations have been established	Consistently clear and accurate expectations have been established	
<i>Positive Climate for Learning (TPE 2)</i>	Creating and maintaining a positive climate appropriate for learning for all students using both classroom and school-wide positive behavior supports.	Creates a climate inappropriate for learning	Sometimes creates appropriate climate for learning for some students	Creates and maintains a positive climate appropriate for learning for most students	Consistently creates and maintains a positive climate highly appropriate for learning for all students	

Engaging and Supporting Students in Learning

The Teacher Candidate uses and adapts strategies and activities for instruction and learning, as evidenced by:

<i>Elements</i>	<i>Candidate Proficiency</i>	<i>I</i>	<i>II</i>	<i>III</i>	<i>IV</i>	<i>Not Yet Observed</i>
<i>Instructional Strategies and Student Activities</i> <i>(TPE 3)</i>	Using relevant and developmentally appropriate instructional strategies and activities according to purpose and lesson content, and specific needs of students based on academic content standards, and IEP goals and objectives	Uses developmentally inappropriate or no instructional strategies and student activities with little or no alignment with purpose, academic content and/or specific IEP goals	Uses ambiguous or inconsistent instructional strategies and student activities partially aligned to lesson purpose, academic content and/or specific IEP goals	Uses developmentally appropriate instructional strategies and student activities aligned with lesson purpose, academic content, or specific IEP goals	Consistently uses relevant and developmentally appropriate instructional strategies and student activities aligned with lesson purpose, academic content, or specific IEP goals	
<i>Plans for Students with Special Needs or Abilities</i> <i>(TPE 4)</i>	Making relevant or appropriate plans for students who have special needs or abilities	Makes inappropriate or no plans for students who have special needs or abilities	Makes inconsistent or minimal plans for students who have special needs or abilities	Make appropriate plans/adaptations for students with special needs or abilities	Consistently makes relevant and appropriate plans / adaptations for students with special needs or abilities
